Dear Mayor Todd Flippo,

Congratulations to the City of Saginaw. The John Ed Keeter Public Library of Saginaw, TX has been awarded the 2021 Texas Achievement in Library Excellence Award.

Libraries awarded this honor met a high level of excellence in their programming and services. To be considered, recipients were required to demonstrate quality services across ten criteria.

This year, only 59 Libraries out of 565 Texas public library systems were awarded this honor. This means your library is in the top 10% of public libraries in the entire State of Texas.

Please accept our sincere congratulations to a city which values and provides quality library services and programs for the continued education and personal enrichment of its residents.

Sincerely,
