

Memorandum

September 14, 2022

To: Parks and Recreation Advisory Board Members

From: Randy Newsom, Director Public Works

Subject: Saginaw Switchyard Expansion

This is a request for consideration and recommendation for the expansion of the Saginaw Switchyard Food Truck Park. Due to the success of the Saginaw Switchyard, the need to expand has come. There is just enough room to add another Pavilion and an additional loop to the Food Truck area. I have included an exhibit that our engineers, Kimley Horn & Associates, designed along with the estimated cost.

The estimated cost to expand the Saginaw Switchyard is \$370,000.00 and would be funded from the future Park Bond Funds. Staff would like for the Park Board to recommend to Council the approval to fund the Saginaw Switchyard Expansion.

Thanks

Randy Newsom
Director Public Works
