Saginaw, TX 76179

Dear Todd Flippo:

Congratulations go to the City of Saginaw. The John Ed Keeter Public Library of Saginaw, Texas has been awarded the 2019 Texas Achievement in Library Excellence Award.

Libraries awarded this honor were required to meet a high level of excellence in their programming and services. To be considered, recipients were required to demonstrate quality services across ten criteria.

This year, only 53 Libraries out of 571 Texas public library systems were awarded this honor. This means your Library is in the top 10% of public libraries in the entire State of Texas.

Please accept our sincere congratulations to a city which values and provides quality Library services and programs for the continued education and personal enrichment of its residents.

Sincerely,

Shelley Holley, Frisco Public Library
